Santa Surprise Slots

It's Christmasssssss – not literally, but on the Santa Surprise slot machine reels. You could win some seriously fascinating gifts in the form of a 10,000-coin jackpot. Have you been naughty or nice this year? It's time to take a peek at Santa's list.

It's doesn't matter what time of the year it is, you can indulge in some festive fun whilst playing the Santa Surprise slot machine from Playtech. Head to the North Pole and take a voyage through the deep snow, to get your hands on the gifts hiding in Santa's workshop. The trees are covered in snow like icing and the skies are blue and bright, but what's hiding inside the house on the hill? Santa and his elves have been working hard to put plenty of treats on the reels of this slot machine.

There

are 5 reels and 20 paylines on offer, allowing you to select your stake from 0.20 to a max of 1,000 to suit your budget. Wilds, scatters, free spins, a bonus game and gamble feature are offered to those who spin the reels. Whether you've been or bad this year – Santa could reward you with bug cash – so, are you ready to start your adventure?

Jolly

Good Theme

With a name like Santa Surprise, it was no surprise to see various references to Christmas. The slot machine is various shades of red and only when you press to view the paytable, do you get a view of the North Pole. Snow sits to the top of the machine with candy canes separating the reels. All of the buttons on the control panel have a sprinkling of snow, which adds to the festive theme.

The paylines are

displayed on baubles of various colours to the left and right of the reels and you'll find the following symbols with this slot game; Santa, Santa's house, Christmas tree, golden bells, stocking, wrapped gift plus card values of 10, J, Q, K and A – all with festive themes.

No Disappointing Gifts

When it comes to Christmas time, many people are left disappointed with unwanted gifts – but you'll get none of that with the Santa

Surprise slot machine. Get Santa to fall as a full payline to trigger the 10,000-coin non-progressive jackpot. The amount in cash that the 10,000 coins will be worth, depends on your stake – so those playing small stakes will return a smaller cash prize to those playing high roller stakes.

Wonderful Features

Santa is wild – no, not crazy, we mean he is a wild symbol. All symbols bar scatter and bonus, can be replaced by a wild to help create winning combinations.

The scatter symbol is Santa's house – two in view and you will receive a payout. Three or more scatters and the free spins will be triggered. During free spins, you will get 10 free spins with all wins being tripled – thanks to the 3x multiplier.

Christmas Gift Bonus is awarded when 3 or more Christmas trees land on the reels. You will enter into a living room that's decorated to perfection. The fire blazes but the tree is what you will need to pay attention to. Santa has left 6 gifts under the tree, depending on the amount of Christmas trees that triggered this bonus, will depend on how many picks you get - so if three land on your reels, you will get to choose 3 gifts and so on. Every gift has a perfectly wrapped cash prize on offer, which will automatically add to your bankroll.

Gamble is a simple

game where any win can be gambled for more. Guess the colour of the next suit of cards to double your money – one wrong guess and you lose, so be careful.

Gift that Keeps on

Giving

What can we say about Santa Surprise? It's a superb online slot machine for those who can't get enough of Christmas. This medium variance slot game has plenty of base game wins to trigger, but big wins come via the free spins and bonus game.

We

wouldn't recommend using the gamble feature as there is no skill required – so it's 50/50 whether you win or lose. Those who are brave enough to bet big stakes will return huge amounts of cash – but even those betting minimum stakes can still return a healthy profit – should the right symbols fall in the right places.

A pesquisa desta semana sugere que Kamala Harris poderia estar superando Donald Trump nos estados cruciais do cinturão solar de Arizona, Nevada e Geórgia. Então o quê acontece se essas pesquisas estiverem certas? Pode ele ganhar a presidência sem elas?"

Esta semana, Jonathan Freedland fala com George Chidi repórter de política e democracia para Guardian BR sobre como esses estados poderiam ser fazer ou quebrar qualquer candidato.
